Education

Lovely Professional University, Punjab

Bachelor of Technology - Computer Science and Engineering

2020 – June 2024 (Expected)

CGPA:8.32

Experience

Jupiter Money, Amica Financial Technologies Private Limited

November 2023 - Present

SDE Intern

- **Tech Stack:** Java, Kotlin, Spring Boot, Kafka, SQL
- Contributed to the development of **Loan against Mutual Funds (LAMF)** project, gained valuable experience in lending and mutual funds.
- Implemented key metrics and made **Grafana** dashboards for monitoring investment services, and enabled **Prometheus** based alerting system for proactive issue identification, which result in enhancing service reliability by 15%.
- Created **OneView** internal dashboard for **Spend Linked** and **LAMF** to streamline handling of customer support tickets, and significantly boosting overall team efficiency by 30%.

Projects

CodeSync IDE | Live [🔗](#) | GitHub [🔗](#) | ReactJS, NodeJS, ExpressJS, Socket.IO

September 2023

- Developed a collaborative IDE using React, Node.js, Rapid API, and Socket.IO for seamless real-time communication.
- Implemented a **live chat feature** using Socket.IO, enabling users to discuss code, share insights, and brainstorm ideas within the platform.
- Implemented **Codemirror** to create modern UI like IDE, integrated **Rapid API** to compile and execute code in popular languages, including C, C++, JAVA, JavaScript, etc.

Kanban Board | Live [🔗](#) | GitHub [🔗](#) | ReactJS, Tailwind CSS, Local Storage

December 2023

- Streamlined tasks management with a user-friendly **drag-and-drop** interface, allowing effortless transitions between different statuses.
- Enhanced task customization by opening a dedicated page where users can modify the title, status, and description.
- Implemented **local storage** for seamless data retention, ensuring user information is securely stored and readily accessible.

Skills

Languages: C++, JAVA, Kotlin, JavaScript, Typescript, SQL

Frameworks & Database: ReactJS, NodeJS, NextJS, TailwindCSS, Spring Boot, Kafka, Redis, PostgreSQL, MongoDB

Developer Tools: AWS, GCP, Docker, Git, GitHub, Linux, Postman, Figma

Interpersonal Skills: Teamwork, Problem-Solving, Adaptability, Decision-Making

Certifications

- META Front-end Professional Certification [🔗](#)
- META Back-end Professional Certification [🔗](#)
- Server side JavaScript with Node.js by NIIT University Coursera [🔗](#)
- Database Management System by Infosys Springboard [🔗](#)
- DSA Self Placed by GFG [🔗](#)

Achievements

- Rated 1430 Rating at Leetcode and solved 500+ problems on Leetcode & Codestudio [🔗](#)
- Contributed to *Hacktoberfest* in 2021, 2022 and 2023 [🔗](#)
- Participated in *Google Cloud Facilitator Program* & *Google Cloud Ready Program* & earned badges [🔗](#)
- Selected as Top 5% in Web Development Space as valuable contributor in LinkedIn Blog Space
